

Littlefield N. H. Feb 1st 1910

My dear Miss Clough:-

Your letter containing the history of my Grandfather Harriman's ancestry, was received some weeks ago - I thank you very much for the kind thoughtfulness of sending it to me. it is indeed very interesting - and I thought so many times while reading - how I wished my own dear Mother could have read the same - because I know ^{now} dear her father was to her -

I am sending you with this a little that I know of his early life as a prefix to what you sent me - Will you kindly use it as you think best in the Canterbury history - I do not know how much can be allowed for our family - reject all you think best - it was all so good to me I could not seem to condense - will leave that to you - Yes I did understand that the two volumes were included in

the price \$5.00 - the second order was for
my cousin Corydon Harriman Fellows who
lives in Haverhill Mass. - and is a "chip of
the old block" in every sense of the word.
Thanking you again for your kindness and
cordiality - I am

Yours very sincerely -

Flora M. Hayes.
